

Zoe McCoy

Product Designer

zoemccoy3@gmail.com | <https://www.linkedin.com/in/zoe-mccoy/> | <https://zoe-160.github.io/ZoePortfolio/>

SUMMARY

Product designer with a BFA in New Media and experience designing and building digital products across education, music, and gaming. Skilled in UX/UI, interaction design, prototyping, front-end development, and AI-assisted workflows.

EDUCATION

The University of Tampa, Bachelor of Fine Arts in New Media

Tampa, FL | May 2026

University of Liverpool, Study Abroad

Liverpool, UK | Fall 2024

PROJECTS

Scoops | Product Designer & Front-End Developer | Jan. 2026 – Present

- Designed and continue developing a children's literacy and creative-expression platform that began as my university capstone and expanded into separate reader, parent/guardian, and teacher experiences.
- Built the front end in HTML, CSS, and JavaScript, using the development process to improve navigation, account roles, progress tracking, and how the diagnostic works across sessions.

Apple Music — Concert Crew | Product Design Concept | 2026

- Designed a concert-planning concept inspired by my experience coordinating shows with friends across music, messaging, and ticketing apps.
- Refined the prototype in Figma Make so Apple Music handled concert planning, Messages handled conversation, and Ticketmaster remained the place for purchasing tickets.

Roblox — Playlists | Product Design Concept | 2026

- Designed a shared playlist feature that lets friends group Roblox games by mood, add suggestions, vote on what to play, and launch the selected game through Party.
- Explored the difference between personal favorites and shared playlists, including optional voting, runoff voting for ties, and a final launch confirmation before starting a game.

EMPLOYMENT HISTORY

Sales Lead, Pandora | 2026 – Present

- Help lead daily sales operations, handling customer purchases, exchanges, and service issues while supporting a smooth in-store experience.
- Coordinate with team members on floor coverage, merchandising, product presentation, and store sales goals.

Content & Design Supervisor (Internship), The University of Tampa

Tampa, FL | Jan. 2025 - May 2026

- Designed layouts and digital content for university newsletters using Constant Contact, balancing usability, accessibility, and visual consistency.
- Coordinated production cycle of the seasonal university newsletter, reaching over 3,000 readers.
- Reviewed content performance and used engagement data to refine future content decisions.

Summer School Teaching Aide, Nassau BOCES

Wantagh, NY | 2022 - 2025 (summers only)

- Supported teenagers with special needs in life skills, communication, and classroom activities.
- Customized teaching approaches for special needs students, promoting effective learning.

SKILLS

Design: Product Design, UX/UI Design, Interaction Design, Wireframing, Prototyping, Design Systems, Figma, Adobe Creative Suite

Development: HTML, CSS, JavaScript, Responsive Design

AI-Assisted Workflows: Figma Make, Claude, ChatGPT
